### **LD 2003 – update from Erca Bufkins AVCOG**

Erica Bufins was here to discuss LD 2003. Last year the Legislature enacted this LD which requires municipalities amend ordinances to allow the following three items:

- Allow for additional density for affordable housing developments.
- Allow between two and four houses where housing is permitted
- Allow accessory dwelling units to be located on the same lot as a single family home.

Originally this law was to take effect July 1, 2023 but the Legislature recently allowed for a delay for municipalities with Town Meetings to be compliant by July 1, 2024.

The Board agreed to start working on reviewing LD 2003 at the September meeting, so that revisions can be made to be voted on at the April, 2024 meeting. The Maine Department of

Economic and Community Development will hopefully have new guidance on the amendment passed during the current legislative session by then.

Motion was made by Mike Fournier and seconded by Brandon Hobbs to adjourn at 7:00 PM

The Board set the next meeting date for Tuesday, September 12<sup>th</sup> at 6:00 PM.
